

CASI Central | Spring 2017 | Volume 5
CRASCA Session by Ida Clair

CRASCA SESSION

Confused about the statutes related to construction-related accessibility and CASp services? Come learn about California statutes related to accessibility and the California compliance bills:

- SB-262 (Kuehl),
- SB-1608 (Corbett),
- SB-1186 (Steinberg),
- SB-269 (Roth), AB-1521 (Judiciary), and
- SB-2093 (Steinorth).

This class provides an overview of the information needed to offer guidance to a business owner requesting a CASp Inspection, depending on whether the request comes before or after an owner receives a construction-related accessibility claim.

SPEAKER: Ida Clair, AIA, LEED AP, CASp
