

**CASI Central | Spring 2017 | Volume 5  
California Healthcare Facilities – 101 by *Bill Zellmer***

## **CALIFORNIA HEALTHCARE FACILITIES**

This seminar is an advanced-level class which will present a methodical analysis of Chapter 11B of the California Building Code and the corresponding sections in the 2010 ADAS and then will apply these concepts through case-studies of recent projects. The seminar will be broken into three parts:

### **Part 1 – Applicable Codes and Standards**

Scoping - Medical Facilities: CBC 11B-223 / ADAS 223  
Technical Requirements – Medical Facilities CBC 11B-805 / ADAS 805

### **Part 2 - Issues Unique to Healthcare Facilities**

- Bedpan Washers
- Privacy Curtains
- Helipads
- Electronic Health Records
- Medical Equipment
- Medical Office Tenant Improvements

### **Part 3 - Case Studies**

Emergency Rooms  
Radiology Units  
Outpatient Clinics
